His Highness the Maharaja of Mysore.

Dated, Bangalore, the 14th May *1934*.

Subject.

Concession for indigent persons proceeding to Pasteur institutes.

SIR,

I am directed to forward for information of the Government of Mysore a copy of a letter from the Government of India in the Railway Department (Railway Board) to the General Secretary, Indian Railway Conference Association, No.1084-T., dated 6th December 1933, in regard to the withdrawal of the concession of free tickets hitherto allowed to indigent persons proceeding for anti-rabic treatment, together with a statement showing,

(a) the railways which have agreed to the continuance of the concession till 30th June 1934;

(b) the railways which are negotiating for the conclusion of an arrangement under which local authorities concerned would accept a debit for tickets issued free to indigent persons; and

(c) the railways over which the concession is not admissible.

2. Should the Government of Mysore desire to continue the existing

existing arrangements after the 30th June 1934 at their own expense, I am to request that the fact may be intimated to this Residency for communication to the railways concerned.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO THE RESIDENT.

PKH/11.5.

Letter No.1084-T, dated the 6th December 1933, from the Government of India, Railway Department, (Railway Board), to the General Secretary, Indian Railway Conference Association.

Concession for indigent persons proceedings to Pasteur Institutes.

With reference to paragraph 2 of your letter No.T.670/I/3, dated 31st May 1933, I am directed to state that the Railway Board consider that local Governments and Administrations should be advised direct by each Railway of the latter's intention to discontinue the concession they have hitherto been allowing to indigent persons proceeding for anti-rabic treatment.

2. I am to say that, if the concession is to be withdrawn from 1st January 1934, as recommended by the Conference Association, local Governments and Administrations will not have sufficient time to make such other arrangements as they may desire for assisting indigent persons to proceed at once to a centre where anti-rabic, treatment is obtainable. In the circumstances, I am to suggest that Railways may also be asked to agree to the concession operating up to the 30th June 1934 and that, when advising local Governments and Administrations concerned of their decision to withdraw the concession, they may, if they see no objection offer to continue the present procedure for the issue of free tickets, provided the local Government or Administration concerned are prepared to accept debit for the cost of the railway tickets issued.
